How to Measure

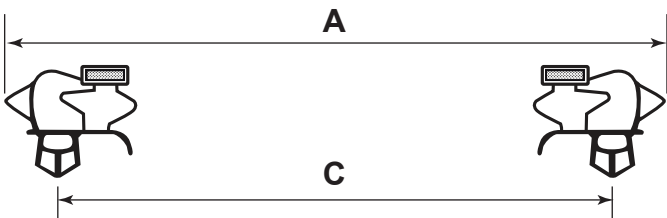

Flat, Lip & Compression Type Seals

A: Outside edge to outside edge

Impression/Dart Type Seals

A: Outside edge to outside edge C: Dart to Dart

Ordering Info

To ensure that the seal/gasket we supply is an exact match for your requirements we'll need the following details:

1. "Type Number" of the profile you require
2. Exact size of the old seal/gasket
3. Number of sides that you require a magnet
4. Seal Colour

Prices

A quotation is available on request and is dependent on size, type of profile and quantity.

Delivery Time

Depending on the number of gaskets, average delivery time is 7-10 days from order.
